ABOUT THE PROJECT

Montura is an exclusive villa neighbourhood by **Emaar Properties** within **Grand Polo Club & Resort**, the developer's large-scale equestrian-inspired master community in Dubai. The development combines contemporary luxury architecture with expansive greenery, polo heritage and an emphasis on outdoor living, creating a distinctly lower-density residential environment.

Montura consists exclusively of **4 and 5-bedroom villas**. Emaar describes each home as a private sanctuary surrounded by gardens, forest trails and floral landscapes, with the architecture using precise lines and carefully considered proportions to create a refined contemporary interpretation of estate living.

Published villa configurations place built-up areas from approximately **3,840 sq. ft.**, with larger five-bedroom residences extending to around **5,137 sq. ft.** Individual villa sizes vary according to configuration, so buyers should verify the exact BUA against the selected unit's floor plan or SPA.

The residences are designed around generous family living spaces, large windows and a strong connection between indoor and outdoor environments. Private gardens and landscaped surroundings reinforce the low-density character of the neighbourhood, while larger five-bedroom configurations provide additional space suited to families seeking a substantial standalone residence.

The defining feature of Montura is its position within **Grand Polo Club & Resort**. The master development spans approximately **5.54 million sq. m.**, including **1.59 million sq. m. of open space and 340,000 sq. m. dedicated to polo fields and stables**. The current Emaar masterplan includes 22 residential

clusters and 5,599 residences.

At the heart of the community are the **polo fields, equestrian stables and signature clubhouse**. The clubhouse uses contemporary linear architecture influenced by Arabian heritage, while the polo landscape provides a distinctive recreational and visual focal point for the wider development.

Beyond its equestrian identity, Grand Polo Club & Resort is designed around wellness, recreation, connectivity and nature. Green corridors extend throughout the masterplan, connecting residential clusters and creating landscaped environments for walking, recreation and community interaction.

The location in **Dubai Investment Park 2** places Montura within Dubai's rapidly expanding southern development corridor. Emaar states that Grand Polo Club & Resort is approximately **5 minutes from Al Maktoum International Airport, 20 minutes from Dubai Hills Estate, 28 minutes from Dubai Marina and 35 minutes from Downtown Dubai**.

Montura is scheduled for completion in **Q2 2029**, with current project records specifying **30 June 2029**. The payment plan is **80/20**, consisting of **10% at sales launch, 70% during construction and 20% on handover**.

From an investment perspective, Montura benefits from **limited inventory, Emaar's master-community expertise, standalone villa formats and a distinctive equestrian concept**. Emaar's FY2025 reporting lists only **211 Montura residences** and shows the project as fully sold, making assignment and resale inventory increasingly relevant for buyers seeking entry.

Importantly, **Montura, Montura 2 and Montura 3 are separate releases** and should not be combined on a property page. Montura is the 4-5 bedroom collection starting from AED 7.06 million; Montura 2 offers 3 and 5-bedroom villas from AED 5.5 million; and Montura 3 returns to 4 and 5-bedroom villas from AED 7.07 million.
